What's happening at Knobelsdorff?

Goodhue Community, All of us at Knobelsdorff are overwhelmed by the support from the Goodhue community last week, that we decided to continue relief efforts this week! This weekend, KE individuals began their travels to North Carolina to assist in Hurricane Relief efforts, with the remaining employees traveling early this week.

At Knobelsdorff, we specialize in building 1-20 MW solar sites, and we're always on the lookout for talented individuals to join our team. Whether you're interested in starting as a solar installer or aiming for a leadership role as a construction manager or estimator, the solar industry offers a vast array of career paths and opportunities for ...

In 2019, Knobelsdorff served as EPC contractor and completed four solar projects for Nautilus, totaling 21 MW DC in Minnesota. These renewable energy projects were located in Helen, Warsaw, Northfield, and Walcott, and they were all new construction. We used bifacial modules and single-axis trackers (one fixed tilt) at all sites, with a fixed ...

The professionalism and business relationship are very comforting in an industry which starts and stops for reasons outside of anyone's control. When visiting a Knobelsdorff site, you can see the care taken from the torque marks to stainless clips used for wiring management. Knobelsdorff truly designs and builds a product meant to last 30 years.
