This Lenmar Battery Solutions 2 Port Power Car adapter is a must-have for any car owner. With two ports, you can charge multiple devices at once while on the go. The adapter is designed to work with an output voltage of 12V. This adapter is perfect for anyone who frequently travels by car and needs to keep their devices charged.

Lenmar DLC4L Lithium-Ion Battery: This battery replaces the Canon NB-4L battery used in their digital cameras. NoMEM Solution: Lenmar designs their batteries to have no memory effect so the battery can be charged at any level without capacity loss. Gold Contacts: The battery uses gold conduit contacts for ultimate performance.
