

Longi green energy plans energy storage business

Is Longi a good solar company?

Over the past two decades,PV companies like LONGi have made solar power the most economically viable and widely accessible clean energy source globally through techno-logical innovation,and LONGi is proud to be the trailblazer among peers.

How much money will Longi Green Energy Technology invest in solar?

This article is for subscribers only. Top clean energy equipment manufacturer Longi Green Energy Technology Co. is planning to invest 45.2 billion yuan (\$6.7 billion)to build the world's largest solar manufacturing base.

Does Longi use green power?

Adopted green powerin our production actively and optimized our energy structure. In 2023,3,815 million kWh of LONGi's total about 31.10% of the total electricity consumption,which was equiva-lent to about 2,124,399.46 tCO₂e emission reduction.

How much energy does Longi produce?

This means that by the end of 2023,LONGi manufactured 27% of the global cumulative installed photovoltaic capacity,equivalent to generating 1.7361 trillion kWhof green electricity and cutting the emission of 812 million tCO₂e. This underscores LONGi's significant contribution to global climate action and sustainable development!

Does Longi produce green hydrogen?

Longi has turned its attention to green hydrogenin recent years. Li Zhenguo,the company founder and CEO,spoke to pv magazine about its strategic shift and how he believes that coupling this technology with solar PVwill be the key to achieving carbon neutrality. How does Longi view the relationship between hydrogen,solar PV,and storage?

Why did Longi set up a green energy zone?

At the tournaments in Madrid,Halle,Shanghai,Turin and other regions,LONGi set up green energy zones for exhibition and interaction,where recycling stations were placed so that the audience of the tournaments could deposit used balls and other PVC/PET products in exchange for beautiful and exclusive gifts.

Lahore, 26 June 2023 - LONGi and Nimir Energy announced the signing of a Memorandum of Understanding (MOU) aimed at fostering collaboration in the development and deployment of ...

Under its mission of "making the best of solar energy to build a green world", LONGi has dedicated itself to technology innovation and established five business sectors, covering mono silicon ...

Longi green energy plans energy storage business

ADELAIDE, [8 Jan 2024] -- Today marks the commencement of the Adelaide International, where LONGi, a global leader in clean energy solutions, proudly takes centre stage as the official ...

Achieve integrated power source-grid-load-storage at district (provincial), city (county), and residential area levels. Leverage the adjustability of the load-side assets. Achieve flexible growth at the local level. Solar-plus-storage projects ...

ADELAIDE, [8 Jan 2024] -- Today marks the commencement of the Adelaide International, where LONGi, a global leader in clean energy solutions, proudly takes centre stage as the official Solar and Hydrogen Partner of the ATP Tour. ...

Under its mission of "making the best of solar energy to build a green world", LONGi has dedicated itself to technology innovation and established five business sectors, covering mono silicon wafers cells and modules, ...
