

Who is Lucent Renewables Limited?

Lucent Renewables Limited was set up on Wednesday the 3rd of June 2020. Their current partial address is Dublin, and the company status is Normal. The company's current directors have been the director of 2 other Irish companies between them. Lucent Renewables Limited has 4 shareholders.

Is there an alternative to solar energy in Chile?

Chile has begun to explore an alternative. Both Cerro Dominador and the Alba Project are powered by so-called solar salts, extracted from the Atacama Desert, composed of potassium nitrate and sodium nitrate. When melted and kept in a liquid state, they allow energy to be stored.

Why are solar panels important to Chile's green hydrogen industry?

Solar panels pictured in Chile's Atacama Desert are crucial to the country's green hydrogen industry. Chile has set an ambitious goal of converting 70% of its total energy consumption to renewables by 2030 and pledged to become carbon neutral by 2050.

How does Chile benefit from solar energy?

The country benefits from consistently strong winds in mountainous region of Patagonia and some of the world's highest levels of solar radiation in the Atacama Desert. This predictable supply of wind and solar energy has led the Chilean government to estimate that 13% of the world's green hydrogen will be produced within its borders.

What is the energy partnership between Chile and Germany?

One of Chile's most active renewable energy partnerships is with Germany. Under the Energy Partnership Chile-Germany, both countries share knowledge, organise training sessions and host facilitate renewable energy agreements between business leaders and policymakers.

How can public-private partnerships accelerate Chile's energy transition?

Public-private partnerships have been key in accelerating Chile's energy transition, especially when it comes to the country's green hydrogen market. Green hydrogen, a clean energy source that splits water into hydrogen and oxygen using renewable electricity, sits at the heart of Chile's energy transition.

A renewable energy laboratory in the Atacama desert The solar thermal Cerro Dominador, which Chileans compare to Sauron's tower from The Lord of the Rings, has become a symbol of Chile "s...
