

What is the Magic storage mod?

So what exactly is The Magic Storage mod ? well simply put it allows the player to create a network of chest-like items that you can access from a single block. It can even be accessed from multiple points or remotely anywhere in the world ,it also allows you to search by item ID ,type and much more.

How do I craft items within my storage network?

To craft items within your storage network you will need to create an item called " Storage Crafting Interface" Now what if you want to space out your Storage Heart and Storage Crafting from the Storage Units ? Well thankfully that's what Storage Connectors are for.

Why is my magic storage not working?

Its due to having over 1000 items in your magic storage in MP, splitting them up into different magic storages and keeping them under 1000 will fix this. Move them over in SP and then log back onto MP and you should be good. oh no. i hope this does not happen to me.
