

What is Maple 3 solar energy system?

Maple 3 solar energy system is a multi-functional device which can be used as a regular light at home or for camping, as a SOS signal in emergency, a mobile power bank for consumer electronics, such as phones, PAD, MP3 etc Copyright © Canadian Solar. All rights reserved

Will Pohnpei get a 5 MW solar power farm?

PEPP's proposed \$20 million 5 MW solar power farm for Pohnpei would help to establish the Federated States of Micronesia as a world trendsetter in the application of renewable energy. It would give the FSM greater energy independence.

How much does a solar project cost in Pohnpei?

After just 15 years, the entire project, capitalized at over \$20 million, will transfer, without cost, to the State of Pohnpei, providing it with many more years of free renewable energy using the best solar technology. The solar project in Pohnpei is a concept that can be replicated by other Small Island Developing States.
