

# Mass energy storage systems Puerto Rico

What is Puerto Rico's battery energy storage system?

The Puerto Rico Electric Power Authority's battery energy storage system is a 20,000kW energy storage project located in Puerto Rico. It was announced in 2018 and will be commissioned in 2020. The Puerto Rico Electric Power Authority owns the system (100%).

Does Puerto Rico need energy storage solutions?

"Isolated from typical supply lines, Puerto Rico needs solutions that reduce electricity costs, improve grid reliability, and accelerate renewable energy deployment," says DEPCOM Director of Energy Storage Nadja Gocek.

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

Why did Puerto Rico get a power outage?

The announcement comes as the U.S. territory continues to struggle with chronic power outages that have worsened since Hurricane Maria pummeled the island as a powerful Category 4 storm in 2017, razing the electric grid. The outages also are blamed on a lack of maintenance and investment in its electric grid for decades.

2 ???&#0183; The U.S. Department of Energy said that US\$365 million will be allocated to install solar and battery storage systems in homes and healthcare centers across Puerto Rico. ... This funding is part of ongoing efforts to address Puerto Rico's energy challenges, which chronic power outages have exacerbated. ... mass casualty triage set up at ...

The Caribbean island is planning to use battery energy storage systems (BESS) as part of a plan to replace gas-fired power plants following the devastation of hurricanes Irma and Maria in 2017. Advertisement ... Puerto Rico is set to commission the first projects of a total 430 MW of new BESS, which will replace gas-fired power plants on the ...
