

What is Matrix energy?

Matrix Energy Group has expanded its horizons into the upstream sector of the economy through the establishment of Matrix Energy Exploration and Production Company Limited. Notably, in the 2020 DPR Marginal Field Bid Round, Matrix, alongside other industry players, secured the rights to operate the Atamba, Apani, and Igbomotoru fields.

What services does Matrix Energy Group offer?

At Matrix Energy Group, we offer various services across various industries. Our expertise extends beyond Oil Marketing and Trading to encompass sectors such as Mining, Fertilizer Blending, and Marketing.

Why should you choose Matrix energy?

Today, Matrix Energy is registered and approved by renowned major oil companies worldwide, granting us access to products at competitive prices. Our extensive logistical and storage capabilities and comprehensive product coverage have empowered us to deliver petroleum products to our esteemed customers, even in the most remote locations.

How will Mauritius transition to a low carbon economy?

The Mauritian energy transition to a low carbon economy is picking up speed. The CEB has installed the first grid-scale Battery Energy Storage System (BESS), the first in its kind in Mauritius, to enable high capacity storage of renewable energy in the grid.

How much electricity does Mauritius produce?

The country also has hydroelectric installations capable of producing 60 MW, i.e. 4% of its electricity mix. But this clean energy production capacity remains rather low, given the country's potential. According to the Central Electricity Board (CEB) of Mauritius, the island has an average annual solar radiation of about 6 kWh/m²/day.

Why is battery energy storage system being introduced in Mauritius?

In view of the increasing share of the Variable Renewable Energy (VRE) in the energy mix of Mauritius, the CEB has planned for the introduction of Battery Energy Storage System on its network to arrest the fluctuation inherent to the VRE systems. The Mauritian energy transition to a low carbon economy is picking up speed.

Prior to joining Matrix in 2024, Emilio worked in the renewable energy sector, focusing on project management in Italy and abroad. He was Senior Construction Project Manager at OX2 and ...
