Ameresco and Sunel Group, an international developer and EPC contractor for energy projects, have begun construction on a portfolio of multiple solar photovoltaic (PV) park projects across the United Kingdom on behalf of Sonnedix, a global renewable energy producer.. The design-build projects will include five ground-mounted solar PV parks throughout England ...

The projects currently in the bidding phase are expected to exceed \$500 million USD in contract value and increase renewable energy access across Europe's electricity grid. Ameresco Sunel Energy has been selected as the contractor for Delfini, a 100 megawatt peak solar photovoltaic project in Greece, by European solar developer Cero Generation.

Ameresco Sunel Energy has announced its involvement in the construction of Lightsource bp's 560MWp Enipeas solar project in Greece. This flagship project, one of the largest solar sites in Europe, underscores Greece's commitment to sustainable energy and economic resilience.

Ameresco, Inc., a leading cleantech integrator specializing in energy efficiency and renewable energy, and Sunel Group, an international developer and EPC contractor for energy projects, in collaboration with Sonnedix, a global renewable energy producer, today began construction of a portfolio of multiple solar PV parks across the UK.

Sonnedix is the owner of the portfolio and Ameresco Sunel Energy Ltd, a joint venture between Ameresco and Sunel, will serve as the design build partner. The portfolio is already fully contracted under the UK government's Contracts for Difference (CfD) scheme, which provides a guaranteed price for electricity through 15-year contracts with ...

UK-based solar energy developer Cero Generation has selected Ameresco Energy Hellas, a subsidiary of Ameresco, and Sunel Group as its partners for a 100MW solar photovoltaic (PV) project in Greece. The Delfini solar PV facility will be developed in Greece's Prosotsani Drama region.

The company Sunel Group was founded in 2007. The main scope was to participate in energy investments and mainly photovoltaic power plants. Having realized the investment opportunities and the development that would occur from the energy projects, the shareholders were involved in several investments of solar power plants.

The Cero, Ameresco and Sunel project teams, along with recognized dignitaries such as Kostas Skrekas, Minister of Energy and Environment, Adonis Georgiadis, Minister of Development and Investment, ...
