

Who makes Nordex wind turbines?

As one of the world's largest wind turbine manufacturers, the Nordex Group offers high-yield, cost-efficient wind turbines that enable long-term and economical power generation from wind energy in all geographical and climatic conditions. With the Delta4000 platform, the Nordex Group relies on tried-and-tested series-production technology.

Who is Nordex group?

The Nordex Group is one of the world's leading OEM's with 35 years of experience in manufacturing highly efficient wind turbines for global onshore markets.

Does Nordex operate in the offshore wind energy sector?

For strategic reasons, Nordex does not operate in the offshore wind energy sector. Offshore wind turbines and projects differ significantly from their onshore equivalents, particularly in technical terms. In addition, the onshore segment represents well over 90% of the global wind energy market.

What services does Nordex offer?

The Group concentrates on developing and producing complete systems, including the control software as well as the main core components, and on offering related services. Services rendered by Nordex for a specific project range from the mere delivery of the wind turbines to turnkey construction of a complete project (Turnkey contracts).

What is Nordex Group's corporate strategy?

In accordance with its corporate strategy, the Nordex Group is a sustainable global enterprise whose wind turbines offer the lowest COE in the industry. The Company is focusing on further reducing COE. It aims to build on its position as one of the leading global providers of wind turbines.

Is Nordex a good company?

The Nordex Group is well-positioned to support this development with its nearly 40 years of experience in global wind markets and our commitment to safety and advanced technology," said Jose Luis Blanco, CEO of the Nordex Group in his opening speech during the Nordex Business Day Balkans on 24 October in Belgrade, Serbia.

Para emplazamientos con una predominancia de vientos medios y turbulencia de baja a media, Nordex Group ha diseado los aerogeneradores N163/5.X y N163/6.X de la serie Delta4000, la soluci3;n ptima para los reg237;menes de ...
