

Does Arcadia offer community solar?

Today Arcadia's primary offering for consumers is participation in its community solar program. This is a simple way for anyone with a utility bill to save a little money and support both renewable energy and a more resilient grid. What is community solar?

Where is Arcadia Power Solar available?

Currently, the Arcadia Power community solar program is available to customers in New York, Maryland, Massachusetts, Colorado, California, Georgia, New Hampshire, New Jersey, and the District of Columbia. Don't live in these regions?

Who is Arcadia solar?

As the national leader in community solar management, Arcadia's expertise empowers you to accelerate the solar movement with ease. Whether you're looking for savings or subscribers, we've got you covered. Renters and homeowners, connect to a local solar farm for no extra cost and get annual savings on your power bill.

Does Arcadia pay for solar panels?

Participating utilities commit to buy solar energy from Arcadia, which sells subscriptions to consumers and buys energy from solar farms. In some states consumers pay Arcadia, which then pays the utility on their behalf and also the farm. Others will see a community solar credit directly on their utility bill. Considering Solar Panels?

Does Arcadia offer a subscription to local solar farms?

Arcadia offers subscriptions to local solar farms in partnership with certain utilities. This company connects you with solar farms so you can buy clean electricity -- if community solar is available where you live.
