

What are effekta batteries used for?

On the basis of many years of experience, EFFEKTA batteries and control units have been optimized for use in UPS units, telecommunications systems, fire alarm and safety systems, medical appliances, photovoltaic applications and emergency lighting systems. The new EFFEKTA catalog with exclusive product innovations is here!

What makes effekta a good power supply unit?

Batteries constitute the heart of every uninterruptible power supply unit: The power storage units from EFFEKTA are based upon well conceived, tried-and-tested types of battery, and on innovative battery management solutions.

Can effekta store solar energy?

With its new storage solution for solar power, EFFEKTA makes it cost-effective to store photovoltaic energy - particularly in the domestic sector. EFFEKTA is launching its summer season with a fully upgraded UPS range for office and office-related applications.

What makes effekta's solutions so unbeatable?

All the advantages of lithium batteries for storing solar power: that's what makes EFFEKTA's solutions so unbeatable.

What's new at effekta?

EFFEKTA is launching its summer season with a fully upgraded UPS range for office and office-related applications. New Office & Home products for private users, the new tower UPS units for office environments with great performance data as well as great legacy products for virtually any conceivable UPS application.

Why should you choose effekta?

With a thoroughly thought-out range of UPS systems, batteries and assemblies for the use and storage of solar power from photovoltaic systems, EFFEKTA ensures that a clean quality of electrical power is available at all times from the public mains supply. The new EFFEKTA catalog with exclusive product innovations is here!

For nearly 40 years, we have been specializing in the manufacture and development of UPS devices. We continuously expand our product portfolio and offer efficient solutions for solar inverters, solar power storage and management. We ...

The German battery manufacturer BMZ Group wants to open a production site in northern Macedonia. The corresponding agreement with the government there has already been signed. More than 60 production lines are ...

The batteries from the EFFEKTA®; BTL series are designed to meet the toughest demands for longevity and reliability. They have a life expectancy of up to 10 years. EFFEKTA®; batteries are modern AGM batteries (Absorbent Glass Mat). The electrolyte is bound in a fibreglass mat, resulting in low self-discharge. The batteries only need recharging ...

EFFEKTA Spain S.L.! Seit 35 Jahren ist die IPAR ELEKTRONIKA S.L. Ihr verl sslicher Partner rund um Elektrotechnologie auf der Iberischen Halbinsel - und seit 1988 steht das Unternehmen hier f r Produkte von EFFEKTA. Nun f hrt die immer engere Zusammenarbeit beider Unternehmen das neue Unternehmen EFFEKTA Spain S.L.

Dimensions battery cabinet (HxWxD in mm) optional: 868 x 250 x 828: UPS weight in kg (with standard battery configuration) 118 1 20 pcs. 173 2 20 pcs. 174 2 20 pcs. Weight of battery cabinet in kg: depending on the battery configuration: Protection: IP20: Input: hardwired: Terminals: Output: hardwired: Temperature: 0 176;C - 40 176;C, 20 176;C ...

According to the draft Law on Energy, operators of battery energy storage systems will enter the electricity market. North Macedonia published it in a package with the new Law on Renewable Energy Sources, ...

AX LiCom-Box: Up to 40% more battery capacity for Pylontech-lithium solar storage. The box allows the extension of communication capabilities for the Pylontech lithium battery US2000/US3000 and the multifunctional inverters AX M1, AX K1 4000W/5000W 48 V: more storage capacity and interface for communication of the battery with PC / laptop.
