

Ouagadougou ancient city energy storage project

Why is Ouagadougou important?

Ouagadougou is an important commercial centre. It is a centre where goods are collected and directed to rural areas. With a large consumer base, large amounts of energy sources, raw materials for buildings, agricultural products and livestock products are imported to the city.

What is the economy of Ouagadougou?

The economy of Ouagadougou is based on industry and commerce. Some industrial facilities have relocated from Bobo-Dioulasso to Ouagadougou, which has made the city an important industrial centre of Burkina Faso. The industrial areas of Kossodo and Gounghin are home to several processing plants and factories.

When was Ouagadougou founded?

Ouagadougou was founded possibly as early as 1050 CE by the Soninke Wangara diaspora from the Ghana Empire, also known as Wagadu. The name Wagadugu means 'home of the Wagu', the Soninke subgroup that ruled Ghana. Ouagadougou is a Francophone spelling of this name.

How many people live in Ouagadougou?

According to Skinner (1974: 33), the population of Ouagadougou was estimated at 32,077 in 1953 and 59,126 in 1962, i.e., two years after independence. When the country got independent on August 5, 1960, Ouagadougou became the capital of the country.

Why is Ouagadougou called Ouaga?

The city's name is often shortened to Ouaga. The inhabitants are called ouagalais. The spelling of the name Ouagadougou is derived from the French orthography common in former French African colonies. Ouagadougou's primary industries are food processing and textiles. [citation needed]

Where is Ouagadougou located?

"Ouagadougou, Burkina Faso". In Kwame Anthony Appiah; Henry Louis Gates (eds.). Encyclopedia of Africa. Oxford University Press. ISBN 9780195337709. Page, Willie; Davis, R. Hunt, eds. (2005).
