

Other recent Plus Power projects reported by Energy-Storage.news include the 90MW/360MWh Superstition BESS in Arizona for which the developer secured US\$82 million tax equity financing from Morgan Stanley a couple of months ago, and Hawaii's biggest standalone BESS project to date, the 185MW/565MWh Kapolei Energy Storage (KES) project which ...

Bouvet Island's story begins in 1739, discovered by the French naval officer Jean-Baptiste Charles Bouvet de Lozier. However, due to inaccuracies in charting its coordinates, the island would become a phantom, missing from maps until it was rediscovered in 1808 by the British sailor James Lindsay. This small, uninhabited volcanic island ...

The IEEE Power & Energy Library, brought to you via the IEEE Xplore Digital Library, lets you access the latest power and energy articles, as well as papers from IEEE magazines, journals, and conference proceedings--plus IEEE articles from all other industries, at levels to meet your company's budget and information needs.. Please note: This subscription option is not offered ...

This film is well worth missing, and although set on Bouvet island, it wasn't actually filmed there, so it is of no volcanological interest either. The end of the world. Bouvet Island would be a good place to site the Restaurant at the End of the World. It meets all requirements, including a total lack of other customers.
