While both Premier Energies and Waaree Energies are doing their best to meet the growing demand, Waaree Energies has an edge over Premier Energies in terms of production capacity. As per their respective draft red herring prospectus filed with SEBI, Waaree Energies Ltd had an aggregate installed capacity of 12GW as of June 30, 2024.

Premier Energies Ltd announced this week that its arms Premier Energies Global Environment, Premier Energies International, and Premier Energies Photovoltaic have secured multiple domestic orders aggregating to INR 1,087 crore for supply of solar cells and modules. The orders include INR 964 crore for solar modules and INR 123 crore for solar ...

With 28% market share based on installed capacity, Premier Energies is one of the very few players in India having cell manufacturing capability (most peers are limited to solar module manufacturing). Solar cells are the most complex piece in the solar manufacturing value chain, as it determines energy efficiency and requires heavy capex.
