

Where will solar panels be made in Puerto Rico?

Aguadilla, Puerto Rico - Great Lakes Solx PR, LLC ("Solx"), a minority-owned solar panel manufacturing company, has announced plans to establish the first solar panel manufacturing facility in Puerto Rico. The company will operate from the 65-acre Hewlett Packard (HP) Campus in Aguadilla, with commercial operations expected to begin in April 2025.

Will Solx be able to build a solar panel factory in Puerto Rico?

Solx has signed a 10-year lease with potential extensions on the 150,000-ft² building on HP's 65-acre campus. The company is investing \$20 million into the facility to get it ready for panel manufacturing. Siting a panel manufacturer in Puerto Rico was always the goal for Solx.

Will a contract solar panel assembly facility open in Puerto Rico?

A contract solar panel assembly facility will soon open in Aguadilla, Puerto Rico, that will supply the utility-scale market on the island and hopefully the greater market on the U.S. mainland. Aguadilla, Puerto Rico. Credit: U.S. Corps of Engineers

What is solar power in Puerto Rico?

Solar power is a renewable energy source that has been booming in Puerto Rico since the hurricane. Across the island, individuals, communities, and businesses are installing solar panels and battery systems. At the Community Foundation of Puerto Rico, Javier Rivera is working on solar systems with 50 mostly rural, underserved communities.

Why should Puerto Rico invest in Solx solar?

The Solx facility will play a pivotal role in helping Puerto Rico achieve these targets, producing up to 1.2 gigawatts of solar panels annually to support local projects and broader markets across the mainland United States.
