

Who is Q-Sun solar?

Q-Sun Solar, an Anhui-based Chinese solar company, has signed an investment agreement with the municipal government of Xiantao City, Hubei province, to deploy an additional 10 GW of solar cell capacity and 12 GW of panel capacity. The company will invest approximately CNY 6 billion in the expansion plan.

What is a Q-Sun Solar Mercury series?

Mercury Series The Q-Sun Solar Mercury Series represents the latest advancement in photovoltaic technology with our N-type Topcon PV modules. This series offers power outputs ranging from 400W to 720W, with efficiency levels between 22.5% and 23%.

Where is Q-Sun based?

The company has seen significant growth since its inception in 2014 in Chuzhou City, situated along the Yangtze River. With a decade of focused industrial evolution, Q-SUN operates three international research and manufacturing hubs, annually delivering over 4GW of efficient photovoltaic modules.

Who is Q-Sun Anhui?

Company profile for solar panel and Component manufacturer Q-SUN Anhui Co., Ltd - showing the company's contact details and offerings.

Can solar energy solve India's energy crisis?

However, since the new Government of India took over in 2014, our Prime Minister Narendra Modi has been largely emphasizing on driving renewable means of energy to fix India's chronic power issues and reduce the coal consumption for power generation. Mr. Modi quoted solar energy as the "ultimate solution" to India's growing energy crisis.
