

The RES Group (Renewable Energy Systems) is the world's largest independent renewable energy company, having been in the sector for more than 40 years. As of 2023, the company had established more than 23 gigawatts of renewable energy projects worldwide and supported more than 12 gigawatts operations. Employing more than 2500 people in 14 countries, it operates onshore and offshore in wind and solar energy, in energy storage and in transmission and distrib...

In line with the RE Roadmap 2030 to meet 60% of renewable energy in the country mix by 2030, around 7000 green jobs will be generated. Thus, NSEIRET plays a key role as a RE Centre for professionals as well as students to learn ...

Gavin's passion for renewable energy ignited at just 11 years old, when he saw his first wind turbine on the Isles of Scilly. This fascination with the innovation and technical possibilities, married with a strong commitment to environmental ...
