

Staco Energy Products Company is one of the longest lasting innovators of Power Quality and Voltage Control technologies in the world. In an industry where companies come and go, Staco Energy continues to provide the reliability and continuity you need. We support products we made three months ago, we support products we made thirty years ago.

The first Staco Energy variable transformer was manufactured in Dayton, Ohio in 1937. Since then, Staco Energy Products Company has pioneered improvements in design and construction of equipment for industrial, commercial, medical and military applications: Standard and specialized variable transformers; AC voltage control; Power conditioning; UPS

Unlike a standard fixed ratio transformer, a Staco variable transformer is designed to provide variable output voltage that can be adjusted from 0 to 117% of the unit's input voltage. Staco Energy Products Co. offers a wide range of standard models including the following: Panel mount, single phase (fixed and adjustable shaft) Enclosed cord and ...

Staco offers a broad range of power quality products and the expert knowledge to know which technology is right for you. [VIEW ALL PRODUCTS](#) Uninterruptible Power Supplies (UPS) On-Line Double Conversion topology provides the highest protection to mission critical facilities.

Staco recognizes the importance of how vital water and wastewater operations are to residential and industrial customers and the overall community. Reliability and up-time certainly are critical for proper service, plus managing overall costs can be just as important.

Staco PPS. Provider Power System test sets 0-1000 VAC, up to 3500 kVA Precise variable voltage power supply for all electrical testing application up to 4000amps. Staco Energy Products Co. has been supporting the power requirements of R& D labs for over 75 years. Our PPS series provide precise voltage control for any electrical testing application.

To: Staco Energy Products From: Jon Hawke Date: May 1, 2023 Subject: Organizational Announcement. I am pleased to announce the promotion of Ben Ludy to the position of Director of IT for Staco Energy Products and Para Systems, Inc. Ben will have It responsibility for both businesses effective May 1st.
