

Who is Bren-Tronics?

From our first primary battery in 1973 to our high-capacity li-ion batteries of today, Bren-Tronics has been leading the way in energy storage and charging solutions. Read more As the pioneers of the U.S. military's first rechargeable batteries, our Engineering team continues to look forward and design for the future.

Did EnerSys buy Bren-Tronics?

August 2, 2024: International battery company, EnerSys, announced on July 26 that it had closed the acquisition of Bren-Tronics, a manufacturer of portable power products for defense customers, including small and large format lithium batteries. EnerSys CEO David Shaffer had confirmed in early May that the acquisition was going to go ahead.

Why is EnerSys partnering with Bren-Tronics?

EnerSys CEO, David Shaffer said: "This is a strategic move that will strengthen our position as a critical enabler of energy transition and supports our growth in the attractive and growing military and defense end market. "Having partnered with Bren-Tronics to support the Department of Defense for over five years, we know the company well.
