

Who is enernova solutions?

Enernova Solutions is a US-registered company specialized in renewable energy and energy efficiency projects providing services and equipment solutions to both government and the private sector. Our main office in Miami, FL, serves as a regional hub for services across the US, Latin America, and the Caribbean.

What is the energy potential of Saint Lucia?

Saint Lucia is a volcanic windward island, with large technical potential for geothermal, wind, and solar renewable energy generation, as well as use of solid waste generated by residents. Little technical potential for biomass or hydroelectric generation exists on the island.

What is enernova & how does it work?

Whether used outdoors or kept at home or in the office as an emergency backup during power outages, Enernova is in a league all its own. Enernova was founded by Steven, an entrepreneur with 15 years of experience in the field of green, low-carbon and eco-friendly initiatives.

Who founded enernova?

With nearly 30 years of experience in energy-related technologies, Leeco founded Enernova. They shared the same ideals and aspirations and continued to discuss business throughout the night. This encounter led to the establishment of Enernova. "Ener" means energy and "Nova" is Latin for "new" or "young".

How much does electricity cost in Saint Lucia?

The 2015 electricity rates in Saint Lucia are \$0.34 per kilowatt-hour (kWh), in line with the Caribbean regional average of \$0.33/kWh. Like many island nations, Saint Lucia is almost 100% reliant on imported fossil fuels for electricity generation, leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

What does enernova mean?

It is often used to indicate something new, fresh, or innovative. Enernova's portable solar energy storage products offer a perfect balance of environmental sustainability, portability, and power. Whether used outdoors or kept at home or in the office as an emergency backup during power outages, Enernova is in a league all its own.

It first provided a fast ferry service between the islands of Guadeloupe, Martinique, Les Saintes and Marie Galante, all French International departments, but in 1987 extended its services to include Dominica, and in 1994 St Lucia. The company now operates fast ferry catamaran vessels, Gold Express, Perle Express and Liberty, which carry ...

A St. Lucia Limited Liability Company (LCC) is actually called a Private Limited Company. There are two types of limitations: limited by shares and limited by guarantee. The most popular is the limited by shares because making guarantees can lead to higher liabilities which defeats the purpose of limiting one's liabilities.
