

What is samlex Europe?

Samlex Europe offers a complete line of power products for installation in cars and recreational vehicles(RVs). Samlex products are extremely suitable for use in heavy duty applications for mobile and wired communications. Samlex likes to make sure the electronics in a truck allow for some of the creature comforts of home.

Are samlex products suitable for heavy duty applications?

Samlex products are extremely suitable for use in heavy duty applications for mobile and wired communications. Our products help to power mobile networks, transmitters and all sorts of communication applications. Samlex likes to make sure the electronics in a truck allow for some of the creature comforts of home.

What is a samlex battery charger?

Samlex Europe | Power Inverters, Battery Chargers and more... These compact converters are capable of converting DC voltage to different levels. Our battery chargers are designed to efficiently charge your batteries, offering reliable energy solutions.

Does samlex offer an OEM DC-AC inverter?

View our OEM DC-AC inverter example. Samlex believes power supply at industrial mobile sites is sometimes recreational and sometimes a pure necessity, but should always be safely and reliably available. Please contact Samlex Europe if you are looking for a specific application or customised (oEnn) products.

Samlex believes power supply at industrial mobile sites is sometimes recreational and sometimes a pure necessity, but should always be safely and reliably available. Please contact Samlex Europe if you are looking for a specific application or customised (oEnn) products. Our specialists will be happy to offer the solution you need.

The IDC-30 is a multiple isolated DC-DC converter suitable for applications requiring galvanic isolation between the input and the output. The IDC-30 can be set in different output voltages between 12,5Vdc and 28,0Vdc, the maximum output will be 30Watts so between 0,8 and 3,0 Amps depending on the input and output voltage you have selected for the IDC-30. Features ...

At Samlex Europe, we understand the importance of reliable power solutions and strive to provide our clients with high-quality, cost-effective products that are tailored to their unique needs. With over 30 years of experience in the industry, Samlex Europe has become a trusted partner for OEM/ODM customers worldwide.

The IDC-360 series is a complete line of highly efficient 360 Watt isolated DC-DC converters suitable for applications requiring galvanic isolation between the input and the output. The IDC-360B-24 isolated DC-DC converter provides a highly regulated output DC voltage of 24.5 Volts for an input DC voltage range of 20-35 Volts and rated output current of 15 Amps (at 35 Volts input).

At Samlex, we provide a wide range of high-quality products designed to meet various energy conversion needs. With our commitment to innovation, reliability, and efficiency, we have established ourselves as a trusted name in the industry. **Battery Chargers** Our battery chargers are designed to efficiently charge your batteries, offering reliable energy solutions.
