

Where is Scud power based?

SCUD Power, headquartered in Fuzhou, China is also having our battery pack production in Viet Nam to support the growing business needs from our worldwide customers. Today I took a video at the entrance of an industrial park and also the entrance of our production facility here in Dong Nai province in Vietnam.

Why should you choose Scud?

Ever since 1997, SCUD has been focused on designing and manufacturing reliable battery packs, and providing best-in-class delivery and customer services, based on our strong R&D strengths, best-in-class battery test center. Black Warrior is the next leap in portable power technology, offering you power security and independence, wherever you are.

Who is Scud power hiring?
