

JCESR is divided into five Thrusts dealing with the most important materials and phenomena of energy storage: Liquid Solvation Science, Solid Solvation Science, Flowable Redoxmer Science, Charge Transfer at ...

Meng Shen's 51 research works with 594 citations and 5,119 reads, including: Modulating polarization and carrier migration characteristics via constructing sandwich-structured ...

Zhen-Zhen Shen's 30 research works with 644 citations, including: In Situ Analysis of Interfacial Morphological and Chemical Evolution in All-Solid-State Lithium-Metal Batteries

Zhong-Hui Shen State Key Laboratory of Advanced Technology for Materials Synthesis and Processing, Center of Smart Materials and Devices, Wuhan University of Technology, Wuhan, China. ... we ...

Polymer film capacitors are critical components in many high-power electrical systems. Because of the low energy density of conventional polymer dielectrics, these capacitors currently ...

Yang Shen's 6 research works with 292 citations and 1,382 reads, including: Negatively Charged Nanosheets Significantly Enhance the Energy-Storage Capability of Polymer-Based ...

o Latent energy storage performance of the liquid desiccant loop will be evaluated. ... ORNL's Building Technologies Research and Integration Center (BTRIC) has supported DOE BTO ...

The Energy Storage and Distributed Resources Division (ESDR) works on developing advanced batteries and fuel cells for transportation and stationary energy storage, grid-connected ...

We are interested in the design of nanomaterials for energy storage and conversion. We work extensively on supercapacitors, lithium-ion batteries, lithium-metal batteries, flow batteries, intermediate-temperature fuel cells, and ...

Yi Shen's 11 research works with 110 citations and 609 reads, including: In situ SOH monitoring and estimation through ultrasonic detecting techniques* ... a desired electrochemical energy ...

Junyi SHEN | Cited by 841 | of University of Maryland, College Park, MD (UMD, UMCP, University of Maryland College Park) | Read 12 publications | Contact Junyi SHEN ... Oversized energy ...

Kaixiang Shen. Guangdong Provincial Key Laboratory of Quantum Engineering and Quantum Materials, Guangdong Provincial Engineering Technology Research Center of, Efficient Green Energy and ...
