

Is Singapore developing a digital twin & distributed energy resource management system?

There has been good progress in the development of Singapore's first Grid Digital Twin and Distributed Energy Resource Management System, and they will continue to be developed over the next few years.

What is Singapore's grid digital twin?

Singapore embarked on the Grid Digital Twin in 2021 with the aim of enhancing Singapore's grid resilience, reliability, and support the deployment of cleaner energy sources. The Grid Digital Twin, comprising two key models - Digital Asset Twin and Digital Network Twin - is a virtual replica of the physical grid network and infrastructural assets.

Who is 3P power?

3P Power Pte Ltd was established in April 2013 as a Power Solutions Provider of Services and Engineered Products of Battery Charger and AC UPS in Singapore with Sales and Service Partners in ASEAN Countries.

What is the Singapore Integrated Transport & Energy model (Sitem)?

EMA and agencies such as A*STAR's IHPC, S&TPPO, and TUMCREATE, have developed the Singapore Integrated Transport and Energy Model (SITEM) to model the impact of additional Electric Vehicle (EV) demand on the grid and identify necessary infrastructure upgrades under different scenarios.

Will Singapore's Energy Grid be future-proofed?

As part of Singapore's energy transition, the Energy Market Authority (EMA), together with industry partners, have embarked on digital projects to future-proof the nation's energy grid infrastructure.

Why should you choose Singapore's national grid operator?

As Singapore's national grid operator, about 1.6 million industrial, commercial and residential customers benefit from its world-class transmission, distribution and market support services. These networks are amongst the most reliable and cost-effective worldwide.

Power Partners Group is an engineering company in Singapore that offers top-quality power protection, green energy and infrastructure solutions. Inquire today! Reliable Power Solutions in Asia. A company of ... we specialize in delivering ...

Discover how SP Digital, a trusted SLEB partner, is revolutionizing sustainability in Singapore. Explore our innovative solutions and join us in creating a greener future for the Lion City. ... with a remit that covers residential, commercial, ...

Highly technical and well connected globally in the electrical Test & Measurement, Automation and Programmable Power Products. Our Focus areas are in the Electrical Vehicle, Battery, Energy Storage System

ESS, High speed Rail, ...

SP Group is committed to enabling a low carbon, smart energy future for customers in Singapore and the region. We develop sustainable solutions for individuals and organisations, powered by our in-house energy technology ...
