

Who is Sion Power?

Sion Power is the leading developer of high-energy lithium-metal rechargeable battery technology, with proven dendrite-resistant technology. "The first company to patent a pressure control strategy to eliminate formation of lithium dendrites, it is likely that any Li metal system will require similar compression..." 1000 Wh/L and 433 Wh/kg

What is Sion Power Licerion™ technology?

Sion Power is moving the rechargeable battery industry forward with its Licerion™ technology. Licerion™ is an advanced approach to lithium-metal batteries containing twice the energy in the same size and weight battery, compared to a traditional lithium-ion battery. At up to 500 Wh/kg, Licerion batteries are produced at scale in large-format cells.

Where can I find Sion Power?

Visit Sion Power on the web at sionpower.com. LG Energy Solution (KRX: 373220), a split-off from LG Chem, is a leading global manufacturer of lithium-ion batteries for electric vehicles, mobility, IT, and energy storage systems.

How much money did Sion Power get in series A?

TUCSON, Ariz., January 24, 2024--Sion Power Corporation, a leading technology developer of next-generation batteries for electric vehicles (EV), announces today that it has secured \$75 million in Series A funding.

What makes Sion a great battery company?

6 and 14 Ah cell production with verified battery pack feasibility, UN 38.3 certified cells currently in validation. Complete battery build (anode, cathode, pouch assembly and cell formation). Sion has achieved major breakthroughs in lithium-metal battery technology, protected by broad, carefully crafted patent claims.

Is Sion Power a better battery than a conventional battery?

Its technology is superior to that of a conventional battery with a scalable manufacturing process that offers a faster and lower-cost solution," said Jim Simons, Chairman of Euclidean Capital. With this new capital, Sion Power will achieve technical and market validation of its technology.

Global lithium-ion battery major LG Energy Solution Ltd. will invest in Sion Power Corp., a US startup holding core patents in lithium-metal battery technologies, to advance its battery technologies, the company said on ...
