Discovery of Pitcairn Island . Captain Philip Carteret first spotted Pitcairn Island in 1767 but couldn't land due to rough seas. He miscalculated its location, marking it miles away from its true position. Years later, Captain Cook showed some interest, but it wasn't until the Bounty mutineers arrived in 1790 that the island gained attention.

Los arquitectos diseñaron la casa con un concepto de terrazas, inspiradas en las viñas históricas y las vistas a la montaña. La cubierta regular, definitiva y blanca, cubre la zona de estar abierta al panorama y orientada hacia la luz, según los arquitectos. El sistema O-Box baja desde la azotea blanca como elemento clave del proyecto.
