

Is Smt energy aiming for net-zero?

From cutting-edge artificial intelligence to the state-of-the-art in lithium ion battery energy storage systems ("BESS"), SMT Energy is setting the standard for the future of energy. And we're aiming for net-zero. Take a snapshot of today's energy grid, and you'll discover that a majority of our energy is produced to fill the demand of the day.

What does SMT Engineering do?

Therefore, SMT Engineering provides support for SAF actions and policies that threaten the peace, stability and security of Sudan. It is also associated with DIS, which also provides support for SAF actions and policies that threaten the peace, stability and security of Sudan. -- Swiss SECO Sanctions/Embargoes, 2024-04-10
