5+ Years Experience In Solar Power Industry. we are at the forefront of harnessing the abundant sunlight that graces our beautiful country. As a leading solar energy company based in South Africa, we are dedicated to providing sustainable and innovative solar solutions that empower homes, businesses, and communities.

Comparing solar prices online can save you thousands on your system. Government research from the National Renewable Energy Laboratory, or NREL, shows that homeowners comparing solar prices online save around \$2,800 when buying solar.. It's not surprising that many sites have popped up offering to introduce consumers to solar companies near them.

Choose a location for the solar panels: Select a location that receives many hours of direct sunlight daily. Install and connect the Solar Panels to an inverter: The inverter converts solar energy into usable electricity for your home. Finally, your home's electrical system should be connected to the solar panels.
