

Are solar panels a good investment in France?

As electricity prices continue to soar in France - up 60% in four years - more people are turning towards solar panel kits, which promise to help users save on energy costs and installation prices. The estimated extra cost of electricity in 2024, compared to 2020, is EUR540 per household per year.

Are there tax credits for solar panels in France?

Since 1st January 2014 there are no longer any tax credits available for the installation of photovoltaic solar panels. Nevertheless, in France, as in many other countries, there are incentives in place for property owners to sell electricity back into the grid at preferential prices.

How big is residential solar PV in France?

The average size of residential solar PV systems is estimated to be 3.24 kW moving to 2030. The technical potential for residential solar PV in France is estimated at 34,810 MW. The payback time for residential Solar PV in France is 25.1 years as of 2015.

How much does it cost to install solar panels in France?

However, as a rule of thumb, the French energy management agency 'ADEME' considers the cost to be EUR3,000 to EUR4,500 per kilowatt of power created. As most domestic installations generate around 3k/W of power, this means the cost of the panels themselves is EUR9,000 to EUR13,000. For 6 k/W of power expect to pay EUR16,000 to EUR19,000

Does France have a solar energy sector?

The exponential growth of the solar photovoltaic energy sector in France has never stopped since its inception in the early 2000s. In 2022, the PV energy capacity in France amounted to approximately 17 gigawatts, making France the fifth European country for cumulative PV capacity that year.

Are there grants for solar panels in France?

There are also grants available for energy conservation (but not photovoltaic solar panels) as part of the home improvement grant regime 'MaPrimeRénov' run by Anah, the housing renewal agency, but these are means-tested. How much does it Cost to install Solar Panels in France?

About Solar Liberty: 20 Years of company experience: Since 2003, we've helped homeowners and businesses utilize the power of solar to reduce their carbon footprint and save money. ...
