

Solar manufacturing companies in uae United Kingdom

Where are solar PV modules manufactured?

With our continuous commitment to research and development, we adopt highest technology to meet global requirements of most demanding energy users. Our solar PV modules are manufactured at advanced 250,000 square feet manufacturing facility, with the expansion plan to reach 950,000 square feet, located in Dubai Investment Park, UAE.

Can solar panels be installed on a villa in Dubai?

As surplus solar power is fed back to the grid, there are no requirements for expensive batteries. DEWA will even credit your account with the power you send back. Tap our chat feature to receive a free quotation for your villa. As a building owner, solar PV panels can be installed on a variety of roof structures across Dubai.

Who is Al Shirawi solar?

Al Shirawi Solar was founded in 2016 to fulfil the group's desire to be part of the UAE's green sustainability program. Our team of DEWA Shams certified solar technicians and electrical engineers are highly trained in all aspects, from design and approvals, to supply and installation of the latest solar PV solutions to maximise our clients' ROI.

Who is CleanMax Solar?
