Comments - number of households with solar panels and other facts: 2014: 4673: About 300 000 households had solar panels in Spain. The government introduced a "sun tax" on self-consumption of solar energy. 2015-2018: 4699-5467: The "sun tax" slowed down the growth from 2015 to 2018. After it was removed, the sector boomed and reached ...

The solar panels are manufactured in our own production facility in Järfälla, which is powered by 100% renewable energy. The solar panels do not contain any heavy glass or aluminium element, significantly reducing materials consumption. In addition, the light-absorbent CIGS layer is extremely thin, contributing to a fast production process.
