

Why choose generation renewable - Guam?

I am extremely pleased with my solar system from Generation Renewable - Guam. I was paying more than \$400.00 for power to GPA before getting a solar system from Generation Renewable - Guam... I was never really able to save money on power until I got a solar energy system from Generation Renewable - Guam...

Does Guam have plans for a solar farm?

Guam has announced plans for several large solar farms. The island has adopted a renewables policy that requires the reduction of fossil fuel consumption by 2020 to 20% less than the rate in 2010. Another requirement is for 5% of electricity in 2015 to be from renewables, increasing to 25% by 2035. A net metering program began in 2009.

What is a gosolar inverter?

They are encased in ultra-high temp tempered glass capable of sustaining high wind loads (175 mph) and performing efficiently even in low light conditions and are backed by a 25-year warranty for minimum power output. GoSolar uses high efficiency low cost \$/watt micro-inverters by NEP(TM).
