Twinsburg, Ohio, USA - May 15, 2024 Safran Electrical & Power, a world leader in aircraft electrical  
systems, announced today that they have signed an agreement with Bell Textron Inc. to provide the  
starter-generation systems for the U.S. Army's new Future Long Range Assault Aircraft (FLRAA) program.  
Safran will supply an advanced high-voltage starter ...

At the Paris Air Show, Safran Electrical & Power is exhibiting its complete range of electrical systems that  
covers the entire electric propulsion chain for the new generations of full electric and hybrid aircraft. It also  
meets the technological needs of ...

Smarter electrical solutions for a better flight Safran Electrical & Power is one of the world's leaders in aircraft electrical systems. It is a key player in the equipment electrification & in the electric and hybrid propulsion sector. Mastering the on-board energy system, the company designs and provides modular, innovative and optimized architectures and solutions.

The company specializes in interconnection systems and electrical networks for the aeronautical market. MATIS Aerospace (Morocco Aero-Technical Interconnect Systems) was founded in 2001 by Boeing, Safran Electrical & Power and Royal Air Morocco, now withdrawn from its capital.

Directeur g&#233;n&#233;ral Safran Electrical and Power Morocco &#183; Exp&#233;rience : Safran Electrical and Power Morocco &#183; Formation : Conservatoire National des Arts et M&#233;tiers &#183; Lieu : Blagnac &#183; 500 relations ou plus sur LinkedIn. Consultez le profil de Frederic Vigier sur LinkedIn, une communaut&#233; professionnelle d'un milliard de membres.

Safran Electrical & Power, a global leader in aeronautical power and electrical systems At the heart of the design and production of aeronautical electrical systems, Safran Electrical & Power is an expert in the entire onboard electrical power chain, and the active representative of Safran in the area of the &quot;more electric&quot; aircraft.

Safran Electrical & Power has over 50 facilities worldwide specialized in electrical systems dedicated to aeronautics. Discover one of them each week thanks to a series of videos. Today, let's focus on Safran Electrical & Power Morocco ...

In addition, Safran Electrical & Power has approved a network of repair centers to support its MRO activities globally to ensure flexibility availability & service continuity. As the Original Equipment Manufacturer, Safran Electrical & Power has the expertise to provide the highest level of quality and best in class Turn Around Time.

Safran Electrical & Power est l'un des leaders mondiaux des syst&#232;mes &#233;lectriques a&#233;ronautiques. La soci&#233;t&#233; est un acteur cl&#233; dans le domaine de l'&#233;lectrification des &#233;quipements et de la propulsion &#233;lectrique et hybride. Elle compte plus de 14 000 collaborateurs r&#233;partis dans 13 pays.
