About Us PV Systems ... commercial building owner the opportunity to go solar without any upfront costs or future maintenance of a photovoltaic system. Under a solar power purchase agreement the commercial building owner will only pay less per month on their ...

Without solar panels, we would be paying approximately \$600-700 per month for our power bill. With solar panels, we produce enough energy to earn a credit from the power company. At the end of 2019, Guam Power Authority actually cut us a check in the amount of \$574.34 for all the extra power we had fed back to them during the year.
