

Solinteg is a technology and forward-thinking enterprise that provides advanced and optimized energy storage solutions to intelligently integrate solar energy into distributed grids. Where is Solinteg's headquarters? Solinteg is located in Wuxi Shi, Jiangsu, China. Who invested in Solinteg? Solinteg is funded by TCL Capital.

Alternatives and possible competitors to Solinteg may include Singularity Energy Technology ,Wemax ,and Solar dex Energy. Solinteg is a technology and forward-thinking enterprise that provides advanced and optimized energy storage solutions..

Solinteg closed its last funding round on Nov 24,2022from a Series A round. Who are Solinteg's competitors? Alternatives and possible competitors to Solinteg may include Singularity Energy Technology ,Wemax ,and Solar dex Energy.

Solinteg is funded by TCL Capital. When was the last funding round for Solinteg? Solinteg closed its last funding round on Nov 24,2022 from a Series A round. Who are Solinteg's competitors?

Solinteg may be growing as it has recently unveiled a new inverter series for rooftop photovoltaic systems, indicating product development and expansion in its offerings. The launch of a new product line suggests the company is investing in research and development to cater to the growing market demand in the clean energy sector.
