

Will Solomon Power deliver cheaper electricity outside Honiara?

The cheaper renewable energy delivered through the project will ensure Solomon Power, the country's state-owned electricity supplier, can deliver cheaper power, including outside Honiara. The total project cost is expected to reach US\$240 million over the next 5 years.

How much is the Solomon Islands infrastructure project worth?

The financing package for the project, worth over US\$200 million, through loans and grants from six institutions, marks the first large-scale infrastructure project for Solomon Islands to be developed as a public-private partnership (PPP).

Is the Tina river hydro a good investment for Solomon Islands?

"The Tina River Hydro is an historic project for Solomon Islands," said Hon. Manasseh Sogavare, Prime Minister of Solomon Islands. "It will deliver cheaper power to Solomon Islanders and signals to investors that Solomon Islands is ready for large projects and partnerships."
