The Battles: The Solomon Islands Campaign lasted six months and consisted of a number of major battles--on land, at sea and in the air. American forces first landed on the Solomon Islands of Guadalcanal, Tulagi and Florida on the morning of August 7, 1942. After some fierce fighting, the Marines cleared Tulagi and Florida by August 9.

Honiara, the capital city of Solomon Islands, is situated in a tropical location that offers consistently favorable conditions for solar energy generation throughout the year. Located at latitude -9.4277 and longitude 159.9494, this equatorial setting experiences minimal seasonal variations in daylight hours, making it an attractive site for solar photovoltaic (PV) installations.
