

What type of power system does enetek offer?

Enetek's range of AC (alternating current) and DC (direct current) power systems are designed to secure mission critical telecommunication networks, providing efficient and reliable power to meet the industry's demands.

Where can I get enetek support?

Enetek support can be obtained from local support. Can also get assistance by sending email to [service@enetek-power.com](mailto:service@enetek-power.com)

Why should you choose enetek power Thailand?

Through creative engineering, smart sourcing, targeted manufacturing, efficient logistics management and services with human touch, we aim to satisfy our customers' business interests and enhance their growth in a sustainable way. Excellence of Customer support by Enetek power Thailand!

Enetek's Moduflex+ solution is based on a simple, modular and scalable platform to provide quick turn-around and outstanding performance for critical mission applications. A complete series encompasses the 48Vdc rectifier modules, 24Vdc rectifier modules, solar converter modules and DC/DC converter modules. TYPICAL APPLICATION - Macro BTS - Microwave - LTE/Wimax - ...

The Pixii PowerShaper Indoor is a modular battery energy storage system that scales to your needs. It comes with smart functionality like time shift and peak shaving to reduce your energy cost, and it's fully integrated, enabling you to get the most out of your new or existing solar panels. Now you can take part in the flexibility market and open new revenue streams.

Model: Moduflex+ 9kW 48 V DC The Moduflex+ series 48V/9kW offers a simple, modular and scalable power system solution with outstanding performance for critical mission applications to ensure the operation remains functional and uninterrupted. The system can be customized according to the specific requirements. Part Number AC Voltage DC Output Output Power ...

Model: Moduflex+ 6kW 24V DC The Moduflex+ series 24V/6kW offers a simple, modular and scalable power system solution with outstanding performance for critical mission applications to ensure the operation remains functional and uninterrupted. The system can be customized according to the specific requirements. Part Number Input Voltage DC Output Output Power ...

A power conversion specialist, Enetek Power Group has a diverse range of AC and DC power solutions that meet the power needs of many industries. With the available range of products and solutions, coupled with products/solutions from the group's sister companies, Enetek Power Group is proficiently equipped with in-depth technical know-how to ...

Model: Moduflex+ 24kW 48V DC The Moduflex+ series 48V/24kW offers a simple, modular and scalable power system solution with outstanding performance for critical mission applications to ensure the operation remains functional and uninterrupted. The system can be customized according to the specific requirements. Part Number AC Voltage DC Output Output Power ...

Enetek Power Group specialises in providing energy solutions and services. They offer a wide range of products and technologies related to power generation, distribution, and management. Their expertise includes renewable energy systems, energy storage solutions, and efficient power infrastructure. ...

Model: ETR+1524 The ETR+1524 is a high efficiency rectifier module, designed and optimized for the demanding power needs in centralized or distributed architecture systems across various applications and industries. Rectifier module that converts the AC to DC, 24Vdc output supply. Part Number AC Voltage DC Output Output Power Height 381090.100 230Vac (85Vac - ...
