

Why did Sri Lanka scrap a Chinese power plant tender?

The biggest highlight of Sri Lanka's ongoing pivot away from China is its decision to scrap a tender won by a Chinese company to build power generation facilities in the island nation. The story takes a dramatic turn when one realises that not only did Sri Lanka scrap the tender with China, but chose to award the project to India instead.

Who won Sri Lanka's snap parliamentary elections?

The left-leaning alliance of Sri Lanka's new leader has secured a landslide victory in the country's snap parliamentary elections. Official results show President Anura Kumara Dissanayake's National People's Power (NPP) coalition scored a two-thirds majority in parliament, with 159 seats.

What is brewing in the power corridors of Colombo?

That gives us a sense of what is brewing in the power corridors of Colombo. The biggest highlight of Sri Lanka's ongoing pivot away from China is its decision to scrap a tender won by a Chinese company to build power generation facilities in the island nation.

Is the JVP still a good leader in Sri Lanka?

While the JVP has won a remarkable victory, Sri Lanka's search for economic, political, and social stability continues. Dushni Weerakoon is executive director of the Institute of Policy Studies of Sri Lanka. Please follow our comment guidelines, stay on topic, and be civil, courteous, and respectful of others' beliefs.

Does Sri Lanka have a 'civilisational link' with India?

Sri Lanka is an interesting country. In an interview earlier this year, former Sri Lankan Minister of State for Foreign Affairs, Tharaka Balasuriya hailed his country's "civilisational link" with India. China was mentioned too, but only as an "important trading partner". That gives us a sense of what is brewing in the power corridors of Colombo.

Why is Sri Lanka in a big economic mess?

By the way, China is Sri Lanka's biggest external creditor and Chinese loans are one of the primary reasons why Colombo finds itself in a giant economic mess. This is because China's debt-trap policy has matured rather remarkably in Sri Lanka. While China dragged its feet, India rushed to the crisis-hit island nation's rescue.

President Ranil Wickremesinghe emphasized the importance of Sri Lanka linking with India's industrial surge, highlighting the need for collaborations in renewable energy and industrial transformation. He updated on ongoing debt restructuring and IMF bailouts, stressing the transition to an export-oriented economy as vital for recovery.

The biggest highlight of Sri Lanka's ongoing pivot away from China is its decision to scrap a tender won by a Chinese company to build power generation facilities in the island nation. The story takes a dramatic turn when one realises that not only did Sri Lanka scrap the tender with China, but chose to award the project to India instead.
