

Who owns statera Energy Limited?

EQT is pleased to announce that the EQT Infrastructure VI fund ("EQT Infrastructure") has agreed to acquire Statera Energy Limited ("Statera" or the "Company") from InfraRed Capital Partners. The UK energy landscape is steadily decarbonizing.

Who is statera?

Statera, a UK-based battery energy storage and flexible energy generation developer and operator, will now gain access to growth capital to accelerate the deployment of new assets across the nation.

Who is EQT & statera energy?

EQT owns portfolio companies and assets in Europe, Asia-Pacific and the Americas and supports them in achieving sustainable growth, operational excellence and market leadership. Statera Energy is a UK-based energy company that develops, owns, and operates flexible generation, battery storage, pumped hydro and green hydrogen projects.

What does statera energy do?

Our assets provide critical grid balancing support for a renewables-led power system, enabling the UK's decarbonisation drive while increasing national energy security. © 2024 Statera Energy. All Rights Reserved.

Does statera energy have debt financing?

Statera Energy is pleased to announce it has reached financial close on a total of £395 million of debt financing for its Thurrock Flexible Generation project. The project comprises Thurrock Storage, a 300MW (600MWh) battery energy storage system (BESS), and Thurrock Power, a 450MW flexible generation project.

Why is statera a good choice for energy storage & flexible generation?

In this evolving situation, the role of energy storage and flexible generation becomes paramount, ensuring a smooth energy transition and maintaining grid stability. Statera is well-positioned to benefit from and meet the increasing demand in this space.

Play your part in generation-defining projects as we transition to a decarbonised, renewables-led energy system, and a greener, cleaner future for the UK. ... Our people want Statera to have a positive and material impact on the ...
