

# Sunlight group energy storage systems Eswatini

Who is sunlight group energy storage systems?

Sunlight Group Energy Storage Systems is a world-leading technology company and provider of innovative industrial and off-road energy storage solutions.

Who is sunlight group?

A rapidly growing global business, Sunlight Group supplies the international market with innovative and sustainable products manufactured and assembled in our state-of-the-art facilities in Greece, Italy, Germany, Israel, and USA, and distributed to more than 115 countries worldwide.

Why should you choose sunlight group?

Which means faster charging, smaller storage units with increased longevity, and lower operating costs. At Sunlight Group we invest heavily in lithium innovation and technology at our two established R&D centers. There, we design and develop new, "greener" innovative solutions that meet the transforming market needs.

The world is seeing a novel approach in energy storage technologies, from lithium to lead-acid, graphene to hydrogen, and now iron-air batteries. These innovations are charting the eco-friendly wave and radicalizing how we store energy.
