SunStream Solar provides advanced solar solutions for livestock watering systems for ranchers in Saskatchewan, Manitoba, and across Canada. Our commitment to innovation ensures a reliable, hassle-free experience, empowering ranchers to enhance the health and productivity of their herds while embracing a more sustainable future.

I contracted Sunstream Energy to install a solar PV system in late 2019 with the objective of reducing electricity costs. I was a little apprehensive when they proposed a ground mounted system using double sided panels arranged in three rows facing east-west despite having ample south facing roof space.

Sunstream's ST500 Mobile Solar Trough is a livestock watering system that utilizes the sun's power to run the pump. This water trough can be used in any remote area on your ranch or farm. The ST500 is a ready-to-pump solution for your dugout, creek or well. Everything is wired up and ready to go with this system.

Our Omni-Directional solar technology is the first of its kind, it does not need to be pointed at the sun to harvest maximum energy. Just place it outside and forget about it. Originally designed for military applications on moving vehicles. Eliminates the confusion typically required in positioning your panel for optimal sun capture, it works no matter what direction it is oriented.

Wir sind Lieferant von nomadischen, autonomen und Plug & Play Solaranlagen für Stromversorger für alle Arten von Standorten und Verwendungen. Wir verkaufen Solaranlagen, Solaranlagen in Containern, Solarbedeckte Gebäude in sets & Solarkleinuser
