

What is a Super B lithium battery?

Super B lithium batteries offer huge energy reserves, weigh substantially less, are easy to install and will last considerably longer than other batteries. Super B's Lithium Iron Phosphate batteries (LiFePO<sub>4</sub>) are designed to be the safest and most energy-efficient battery available in the marine industry.

What are Super B high-end lithium iron phosphate batteries (LiFePO<sub>4</sub>)?

Super B high-end Lithium Iron Phosphate batteries (LiFePO<sub>4</sub>) are developed and manufactured to outperform lead-acid batteries on the road, on the water or off-the-grid. Our lithium batteries offer a tremendous amount of energy in a small, lightweight and maintenance-free box that's robust, safe and reliable.

Which cars use Super B lithium batteries?

Powered by Super B lithium batteries. Aston Martin Racing claim 24H of Le Mans victory using Super B lithium batteries. Lotus chooses Super B as standard OEM fitment for most of their cars. Red Bull KTM Factory Racing Team's Sam Sunderland takes overall win in Abu Dhabi Desert Challenge using Super B lithium batteries.

Does Lotus use a Super B Battery?

Lotus chooses Super B as standard OEM fitment for most of their cars. Red Bull KTM Factory Racing Team's Sam Sunderland takes overall win in Abu Dhabi Desert Challenge using Super B lithium batteries. Launch of the first intelligent Epsilon battery with Bluetooth connectivity.

What is a lithium battery?

Lithium batteries are a type of battery, specifically designed for use in motorcycles, cars, jet-skis, snowmobiles, ATVs, Quads, and Micro-light flying. They are a new lithium technology that replaces the existing lead/acid battery. Super B is the manufacturer of lithium iron phosphate (LiFePO<sub>4</sub>) batteries.

What is a Super B lithium iron phosphate (LiFePO<sub>4</sub>) battery?

Super B Lithium Iron Phosphate (LiFePO<sub>4</sub>) batteries have a considerably greater energy density, making them an excellent choice for material handling equipment such like forklifts, mobile robots, ground support equipment, and other industrial applications.

Super B Lithium Batteries. A revolutionary new battery type, specifically designed for motorcycles, cars, jet-skis, snowmobiles, ATV's, Quads and Micro-light flying. This new battery replaces the existing lead/acid battery, and is based on ...

High-end lithium batteries for smart, safe and reliable energy. Since 2007, Super B develops and produces high-end lithium iron phosphate (LFP) batteries for a number of applications, ranging ...

Cette batterie au Lithium SUPER B 12V 160Ah est sp&#233;cialement d&#233;velopp&#233;e pour une utilisation en camping-cars, caravanes, fourgons et vans Derni&#232;re g&#233;n&#233;ration de Batterie au Lithium-Fer ...

Welcome to our Super B Lithium battery section. A revolutionary new battery type, specifically designed for motorcycles, cars, jet-skis, snowmobiles, ATV"s, Quads and Micro-light flying. This new battery replaces the existing lead/acid ...

High-end lithium batteries for smart, safe and reliable energy. Since 2007, Super B develops and produces high-end lithium iron phosphate (LFP) batteries for a number of applications, ranging from motorcycles & recreational vehicles to ...

Whether you're competing in Formula 1, GT racing, rallycross, or any other motorsport discipline, we have the perfect battery to meet your requirements. Explore our comprehensive Super B battery selection, including lightweight ...

Afin d'am&#233;liorer notre niveau de support en vers tous nos clients, nous travaillons actuellement sur des vid&#233;os d'installation de nos batteries au lithium et accessoires.

Cette batterie Epsilon 12 V 150 Ah a &#233;t&#233; pens&#233;e et d&#233;velopp&#233;e sp&#233;cialement pour les camping-cars, caravanes, fourgons et vans Derni&#232;re g&#233;n&#233;ration de batteries d'&#233;nergie au Lithium-Fer ...
