

Who is TEC energy?

TEC Energy is a innovative data science companythat specializes in power markets. With our data-driven,holistic approach,we build advanced analysis tools to guide all our decisions.

What makes TEC energy unique?

At TEC Energy, we embrace technology as a driving force behind our success. We are dedicated to continuously expanding our data collection and analysis capabilities, utilizing advanced tools and techniques to extract valuable insights from the vast amounts of information available in the power markets.

How much energy does Brunei need?

In 2005,Brunei's total energy needs was 2,435 KTOE. As of 2022,approximately 127,000 barrels of oil and 243,000 barrels of natural gas equivalent are produced daily by Brunei's oil and gas fields. An refinery used for the oil field in Seria. In 2005,oil supplied 24.4% of Brunei's total energy needs.

Should Brunei adopt CCUS Technology?

Brunei,a small country with limited solar energy opportunities,should focus on utilising its gas resources to produce hydrogen while also implementing carbon capture,utilisation and storage(CCUS) technologies. By adopting this approach,the country can efficiently harness its gas reserves and take significant steps towards reducing emissions.

Is Brunei a natural gas or oil based country?

Brunei's total primary energy supply (TPES) and total final energy consumption (TFEC)'s historical oil and gas trend,particularly,80% and 20% of TPES are made up of oil and natural gas,respectively. Oil saw annual increase of 0.7% from 2010 to 2017,however natural gas saw annual growth of -0.9% because of a decline in natural gas output.

Can Brunei change from natural gas to hydrogen?

"The country can also opt to change from natural gas production to hydrogen," he said. The Japanese energy expert also said Brunei has the potential to benefit from its association with Japan,Australia,and other countries by fostering collaboration for the transfer and assistance of green technology.

Head of Energy Transition Division at the Department of Energy, Prime Minister's Office Shirley Sikun said Expro Brunei's solar panels installation sets an example and inspiration to other private companies to ...
