Despite massive hydrocarbon reserves, Iraq struggles with chronic electricity shortages. There is a clear need to explore cleaner alternatives, such as renewable energy systems, yet the deployment and integration of these systems would be hindered by the same structural woes that have crippled the electricity sector, and which go far beyond generation ...

TGC Renewables director Rob Denman said that this was one of a number of multi-megawatt projects that the company had in development, responding to interest from the farming community. The company currently had more than 10 MW in operation or under construction and aimed to boost the figure to more than 100 MW over the coming year and a ...
