

What is a bat-80 energy storage system?

The BAT-80 is a next-generation energy storage system designed for commercial businesses seeking reliability, sustainability, and independence from the grid. Fully modular and cloud-connected, BAT-80 is tailored to meet any commercial energy storage and power management needs.

What is bat-80 & how does it work?

Fully modular and cloud-connected, BAT-80 is tailored to meet any commercial energy storage and power management needs. Utilizes cutting-edge lithium-ion technology and a smart energy management system that maximizes efficiency and minimizes costs. Achieve a reliable, uninterrupted energy supply and reduce your reliance on the grid.

What is a bat-80 battery system?

Future-proof your business with our modular, intelligent battery system designed for maximum sustainability and independence. The BAT-80 is a next-generation energy storage system designed for commercial businesses seeking reliability, sustainability, and independence from the grid.

Why should you choose xolta bat 79?

Get the cost-effectiveness you want with the flexibility you need. The XOLTA BAT-79 is ideal for commercial and industrial applications, microgrids and grid support as well as large residential buildings.

Where is the bat-79 made?

The BAT-79 uses only top-tier components and is manufactured and tested in Denmark. An expert team of engineers, developers, skilled workers and renewable energy nerds is committed to making every product reliable.

Does the bat-79 have a built-in inverter?

With its built-in inverter and 80 x 80 cm footprint, the BAT-79 packs lots of power and convenience into one small, safe module. You don't have to buy (or find room for) a separate inverter - or go through the hassle, time and expense of connecting the two and testing the connection onsite.

Elevate your business's energy efficiency with the BAT-80 by XOLTA, a modular and intelligent battery system designed for sustainability and grid independence. Discover the benefits of cutting-edge technology and smart energy ...

BAT-80 is a premium, high-quality battery solution that adds breadth and value to your portfolio. Scalability is incredibly efficient with BAT-80's modular set-up. It's straightforward to add ...
