

Who is JAKs solar power Sdn Bhd?

In March 2021, JAKS Solar Power Sdn Bhd, a wholly-owned subsidiary of JAKS, was awarded for the fourth cycle of the large scale solar under Package 2 for the capacity of 50 MW ("LSS4"), our first pilot project. This project rides on Global Environmental, Social, and Governance ("ESG") standards / Renewable Energy movement.

What is JAKs solar Nibong Tebal?

JAKS Solar Nibong Tebal Sdn Bhd had successfully completed and achieved a commercial operations date (COD) for its 50-megawatt (MW) Solar Photovoltaic (PV) Project under the large-scale solar 4 programme ("LSS4").

How will JAKs benefit from a 50MW solar PV project?

"The commercialisation of the 50MW Solar PV Project will provide JAKS with a steady stream of income for the next 25 years. Moving forward, we will actively participate in more renewable energy projects which is in line with the global drive to embrace greener energy solutions," he added.

What is JAKs' flagship asset & investment?

The flagship asset and investment under JAKS comprise of a 1,200 MW Build-Operate-Transfer power plant project in Hai Duong Province, Vietnam as a joint development with China Power Engineering Consulting Group Co. Ltd and a 50MW solar PV project under the LSS4 programme in Nibong Tebal, Penang.

Is JAKs incorporating ESG into our business strategy?

JAKS is currently working to incorporate ESG as core of our business as we understand how important the ESG will impact our business strategy. We have signed the power purchase agreement with TNB in August 2021 and have successfully achieved financial close and commenced operation in March 2022.
