

A recent fire event at a large-scale battery storage project owned by California utility San Diego Gas & Electric (SDG& E) was dealt with effectively and in an exemplary ...

Firetrace International's condensed aerosol fire suppression systems are the premier choice for lithium-ion battery protection. Utilizing total flooding technology, our systems quickly cool and smother fires, reducing the possibility re-ignition ...

Aerial picture of the 2021 fire incident at Victorian Big Battery, which was thought to be the first incident of its type involving Tesla Megapacks. Image: Country Fire Authority. A fire has taken place at a 50MW/100MWh grid ...

W&#228;rtil&#228;; completes "worst-case scenario" fire tests on battery storage under new procedure. W&#228;rtil&#228;; has carried out more large-scale fire tests on its battery storage units, which the system integrator claimed closely resemble real-life ...

The San Diego County Board of Supervisors meeting, held on 17 July 2024. Image: San Diego County BOS via . The Board of Supervisors at California's San Diego County have voted unanimously to ...

The world needs thousands of new grid battery installations to fight climate change. They rarely catch fire--but many people are skeptical of having one next door. A retired natural gas plant in...

NFPA and the Fire Protection Research Foundation's international questionnaire survey will help guide research into to risk assessment and mitigation strategies for battery ...

AMI helps battery storage manufacturers, integrators, and operators understand what their competitors are doing (how are they pricing their products, what are their sales strategies), define the current and future market ...

Stat-X condensed aerosol technology, favored for Energy Storage Systems, offers versatile fire protection with compact, customizable units. Energy Storage Systems (ESS) are critical in modern energy infrastructures, ...

Dynapower, a US manufacturer of energy storage and power conversion system (PCS) equipment, will be acquired by Sensata, a maker of industrial sensors. In a deal announced yesterday, Sensata has agreed to buy ...

Fire Suppression for Energy Storage Systems and Battery Energy Storage (BESS) Energy Storage Solution:

Batteries Batteries as an energy storage device have existed for more than a century. With progressive advancements, the ...

INTILION, a battery storage manufacturer headquartered in Germany, was unveiling a new prototype BESS for the commercial and industrial (C& I) market, with an inbuilt fire safety feature. The many advantages that ...

Powin Energy has signed its latest multiple gigawatt-hour deal with a major battery manufacturer, with some of the supplied cells to be used in its Waratah Super Battery ...

Powin Energy has signed its latest multiple gigawatt-hour deal with a major battery manufacturer, with some of the supplied cells to be used in its Waratah Super Battery project. The US-headquartered energy storage ...
