

What is a villagrid energy storage system?

The VillaGrid energy storage system is complementary to home solar panels which charge the battery. As homeowners face rising electricity rates, unplanned power outages and Public Safety Power Shutoffs, the VillaGrid can help them reduce their electric bills and better endure blackouts.

How do I Configure my villagrid energy storage system?

Your VillaGrid energy storage system is configured through the inverter, where it can be set to maximize backup capacity, maximize energy savings (e.g., peak shaving), and many other options. Your VillaGrid energy storage system comes with a quick-start guide as well as a more in-depth manual to explain the available options.
